## He's Coming Back!!!

This world is in a constant state of uncertainty, and many believers have lost sight of what God is going to do in the future. We end up focused on the temporal things of this world which causes us to put certain truths of the Bible on the shelf. Obviously the world we live in is not ideal. But we are believers in Christ, and we need to keep our eyes on what God is doing now and in the future. For example, when we study the prophetic passages in the Bible, we see that the prophets central focus was on the coming of Jesus Christ. However, the prophets were actually more focused on his second coming rather than his first coming. Within the prophetic scriptures, there are about 300 prophecies pertaining to his first coming, but six to seven times that amount devoted to his second coming. That does not in any way diminish the importance of his first coming and providing, through his death and resurrection, salvation for all who desire it. For without Jesus' sacrifice for us, the second coming would not hold any value, because eternally we would all be separated from him and still have to pay for our sins - a debt that can never be paid. But thank God that he has provided a redeemer who will always intercede for us because he lives forever.

### Hebrews 7:25

Therefore he is able to save completely those who come to God through him, because he always lives to intercede for them.

Nevertheless, the focus of the Bible has always been doxological not soteriological. That is, everything that exists in this world is to bring God glory. The salvation of mankind is just a part of that. Ultimately

though there is a day coming when God, through Jesus Christ, will restore all things and sin will be no more! That is what we as believers need to be focused on daily.

As the time inches closer and closer to the day Jesus returns to this earth to set up his earthly 1,000 year kingdom, the more hardened peoples' hearts will become. Unfortunately, much of

## *Prayer Requests*

### *Please pray...*

- For the two week trip overseas to southeast Asia coming up in June. Mike and his translator will be going to various southeast Asian countries and visiting many members of the Project 316 ministry team and meeting with many individuals who have received audio players and seeing how they have made an impact in their lives.
- That we can raise more funds for the Project 316 audio players.
- Praise God for the impact that the audio players have been having. We received a message recently from a pastor in Minnesota, (whom we haven't heard from in a long time) who visited Vietnam and saw the audio players being used and how they impacted the Hmong believers in their walk with God.

mankind's sole purpose in life will be to rebel against God and reject the very thing that can bring them eternal life. The world that we are living in right now isn't going to get better, and many believers who don't have a thorough knowledge about what is to come will end up being deceived by the antichrist. Jesus warned his disciples in Matthew 24:4-5 and said: "Watch out that no one deceives you. For many will come in my name, claiming, 'I am the Christ,' and will deceive many." But we don't have to be one of those who have been deceived.

This is one of the reasons why I developed the 316 Prophetic Seminar Series. Although this series continues to progress, much has been completed. For example, through this series, we cover the prophetic chapters of the book of Daniel; a detailed look into the nature of the antichrist and how we might recognize him; the mark, name, number and image of the beast; Ezekiel 38-39 regarding the battle of Gog and Magog; where the Babylon of the end-times might be located; and a thorough study on the rapture, etc. My desire isn't just to teach English-speaking believers about these things, but also have the series translated into Hmong. Within the Hmong community of believers there is nothing that comes close to what the 316 Prophetic Seminar Series covers. If you are interested in learning more about these teachings don't hesitate to contact us. As believers we need to know about these things so that they can further equip us to impact our world for Christ.

*God bless and maranatha,  
Mike, Sonja,  
Sinjin and Mikaela*
