

BIBLICALLY RETHINKING THE CHURCH

**AN EXCITING BIBLICAL STUDY FOR THOSE WHO
DESIRE TO MAKE AN IMPACT FOR JESUS CHRIST**

Think about it...

What does the Church look like? How many Christians are needed to become a Church? Does the Church need to have a pastor-teacher in order to be a Church? What does the Church do? What was Church life like in the first century when the Church began? Would knowing the answer make a difference to us today? What are the principles that need to be understood in order for the Church to function like it should? These questions and more are part of the "Biblically Rethinking the Church" Bible study.

"Outside of knowing the Gospel, this study has been the most significant, most beneficial, and most rewarding study that I have ever done on any Biblical subject."

Mike

"Through this study you will learn the simplicity of what 'church' is all about."
