

# Z E E K I S M S

A FAMILY PICTURE WITH A BABY TIGER.

BELIEVERS IN SANG-SAI VILLAGE FINALLY RECEIVE PROJECT 316 AUDIO PLAYERS.

## “More players, please!”

Dogs, chickens, roosters, adults, and kids surround our truck as we park. “Welcome! We’re so glad you came!” is repeated over and over. After a long three hour drive to Sang-sai village, it’s nice to get out and stretch our legs. This group of Hmong believers have waited for the Project 316 audio players for a year and a half. They even typed up a list of families who wanted them and mailed it to us. The excitement

(and noise) in the room escalates as Mike explains how to use the player and what teachings are on it. As soon as the women receive their player, they bring it to Sonja to explain how to use it. They promise they will listen to the players daily while working in their fields. Pray that their hunger for God’s Word will translate into lives dedicated to serving God and sharing the Gospel with their family and friends.

Through our ministry partners, Project 316 players are also being shared with Hmong we have not yet met. One Hmong woman is blind and lives eight hours away. She has already listened to all the teachings on the player and is listening to it a second time. Another Hmong brother gave his player to another blind person while he was traveling. We are very excited about what God is doing through this project!

PRAYING FOR OUR HMONG BROTHERS AND SISTERS

INSTALLING NEW WINDOWS AT YOUTH HOSTEL

NEWLY PLANTED FIELDS

# Get Involved!

There continues to be more requests for the audio players from all over northeast Thailand. 124 players have been distributed up to now. As more people hear about this great resource, we've gained more contacts and additional ministry partners. We now want to distribute more players into Laos. The Laotian Hmong believers desperately want to hear the Word of God! One fellow missionary (and now ministry partner), we recently got reacquainted with said that he will be able to distribute an additional 200+ players directly into the hands of the Hmong in that closed country! So please get involved!

---

**"PROVE YOURSELVES DOERS OF THE WORD, AND NOT MERELY HEARERS WHO DELUDE THEMSELVES."**  
**JAMES 1:22**

---

## Please pray for...

- Additional financial gifts to purchase more Project 316 audio players.
- Hmong to live out their faith. Many Hmong believers listen to their players as they walk around the village and go to their rice and corn fields. Pray that they will grow in their faith and be willing to share the Gospel with others.
- Completion of additional teachings that are being produced and translated.

**Thank you for your continued support and prayers!**

*Mike, Sonja, Sinjin, and Mikaela*

## STORM

A BIG THUNDERSTORM HIT OUR AREA ON MAY 30TH. MANY TREES WERE BLOWN OVER AND THIS ONE LANDED ON OUR HOUSE.

LUCKILY THE CEMENT WALL PROTECTED THE HOUSE FROM MAJOR DAMAGE AND ONLY A FEW ROOF TILES AND GUTTERS NEED TO BE REPAIRED.

## FOLLOW UP

THIS VILLAGE, (NAJ XUAJ), HAD THE PLAYERS FOR FIVE WEEKS WHEN WE WENT BACK TO UPDATE THE PLAYERS WITH AN ADDITIONAL 100 HOURS OF NEW LESSONS. ONE HMONG BROTHER TOLD US HE HAS LEARNED MORE ABOUT WHAT THE BIBLE TEACHES FROM LISTENING TO THE PLAYER THAN HE HAS LEARNED FROM THE LAST 10 YEARS SINCE BECOMING A BELIEVER.

## REPAIRS

MIKE JOINED UP WITH ODELL SUMMER (FELLOW MISSIONARY) AND HELPED INSTALL NEW SHATTER-PROOF WINDOWS AT THE YOUTH HOSTEL WHERE MIKE TEACHES ENGLISH. ALMOST EVERY WINDOW HAD BEEN BROKEN OVER THE YEARS...KIDS AND BALLS. WHAT WOULD YOU EXPECT!
