Mike handing out Project 316 players

## Hundreds of Project 316 audio players are being requested!

Can you believe we have already distributed 249 audio players?

A few individuals and church bodies generously gave special gifts to us in the last two months so we could purchase Project 316 audio players. Yet our waiting list continues to grow! In every village we visit there is a hunger for God's Word and solid Biblical teachings to help the Hmong become better disciples of Jesus Christ.

On Oct 18-20th we travelled about four hours northwest to meet Hmong believers from seven different villages including believers who crossed the border from Laos. The four brothers from Laos were elders who

represented over 300 believers. They stressed that they don't have constant electricity and were thrilled to know that the audio players are solar charged.

### Galatians 6:10

As we have opportunity, let us do good to everyone, and especially to those who are of the household of faith.

We also met again with one missionary who repeated his request for 500 players that he can send into Laos. Another missionary in Northeast Thailand asked for 30 players. He is helping at a Bible institute where

Hmong from Laos come to Thailand for training. But that number is sure to increase.

In addition we are also hoping to distribute players into southern China. All of the teachings on the players have been recorded in the White Hmong language, and there are many who are part of the White Hmong ethnicity who live in China. However, another missionary who often travels into southern China and throughout southeast Asia is working with the Hmong Boua. He and other Hmong believers from this group are considering developing teachings to be placed onto the player as well, so that those believers can have a player in their dialect. (Cont'd on p. 2)

*(Continued from p. 1)*

Our hope is to supply players to everyone who asks. So we will be coming back in December to the US to raise more funds for this important life changing project and to share with you in detail what God is doing!

Although we already have 180 hours worth of audio material, Mike continues to work on additional teachings for the players. Introductions to each of the Old Testament books have been requested. Additional series of lessons are also being translated, including a thorough study of how believers should function as the body of Christ,

systematic theological teachings, teachings on what Hmong believers can participate in, and what the Bible prohibits in regards to particular Hmong holidays and funeral rituals. There is still about 120 hours worth of free space on the micro SD cards that are placed into the audio players.

### Busy months ahead!

December will be a busy time for our family. Mikaela turns two on Nov 30th, we return to the US on Dec 5th, Sonja's birthday is Dec 15th, and Sinjin turns five on Dec

## Prayer Requests

An open door into southern China including unrestricted access into Laos and Vietnam as we look towards the future.

Our travel back to Pennsylvania. The flight plus layover time will be 28 hours!

Still looking for a house to rent that is 25 miles or closer to Berean Bible Church, our home church in Pottstown, PA.

24th. We look forward to seeing our family and friends again, but not the cold weather. That's for sure! Thank you for keeping our family in your prayers!

*God bless,*

*Mike, Sonja, Sinjin  
and Mikaela*
