**1,000 PLAYERS DISTRIBUTED TO DATE!!!**

It has been three years since we initially started to distribute Project 316 audio players throughout southeast Asia, and we are praising God that He has allowed us to play a vital role in bringing the Word of God to the Hmong. As many of you have seen via videos and read about the various testimonies in past newsletters, it becomes quite obvious that Project 316 is making a huge impact in the lives of so many. Hitting the 1,000 mark is awesome! But there are many who have yet to receive a player. We have estimated that if every believer

in Thailand, Laos, Vietnam, Burma and China were to receive an audio player we would need about another 15,000-18,000 players. So, as excited as we are to be able to distribute the first 1,000 players, there is still much work to be done.

Currently, the audio players hold 315 hours of Biblical content. There is a plethora of teachings and more will be added as time goes on. All of the teachings, along with the entire Bible, are in the White and Blue Hmong

dialects. These dialects are the most common and therefore, the most understood by many of the Hmong.

Furthermore, we praise God that at least three or four more Hmong elders/teachers in SE Asia have

joined the project team during the last trip to Thailand back in February. Their willingness to help became evident soon after we started talking with them. They have connections and access into certain parts of Laos, Burma and Vietnam which are difficult to travel to, not just geographically, but because of persecution as well. However, since they are Hmong, they can travel to these remote areas with fewer problems (although it can become very dangerous, especially if they are carrying audio players with them). We also had many Hmong leaders in central Laos, who have already been part of the project team come over into Thailand and pick up hundreds of audio players for the Hmong, but they are still requesting hundreds more.

Again we praise God for what He's allowed all of us to accomplish, and we hope that you'll continue to help us make an eternal impact in the lives of the Hmong through God's Word.

## Prayer Requests
