Project 316 Audio Player Recipients

PROJECT 316 BIBLICALLY FOCUSED TEACHINGS

If you are not excited about reading and studying God's Word, then you're missing out on one of the greatest privileges of being a believer. In Hebrews 4:12 it says, "For the word of God is living and active. Sharper than any double-edged sword, it penetrates even to dividing soul and spirit, joints and marrow; it judges the thoughts and attitudes of the heart." The phrase "living and active" is what non-believers don't understand. The Bible is not simply a textbook. It is not just a history book. It is a living book. It is God's Word to mankind. Many of our Hmong brothers and sisters understand this and that is the reason there continues to be such a high demand for Project 316 audio players.

Prayer Requests

Please pray...

- *For the team from Mega-Voice ministries in Thailand as they will be uploading and preparing hundreds of audio players to be ready for Yexusfest.*
- *For additional funds to continue coming in for the players so we can keep up with the needs that our Hmong brothers and sisters have.*
- *That we will have enough volunteers to help with distributing the audio players at the Yexusfest conference.*

All throughout southeast Asia, many of the Hmong who have not yet received an audio player see other believers listening to them and desire to have a player for themselves so that they too can study God's Word. There have been requests for literally hundreds of more players in the last several months. However, because we are going to provide a major update with some great new teachings, we've asked our Hmong brothers and sisters to be patient until July when we will be able to distribute the updated players at Yexusfest. The wait will certainly be worth it.

A major section pertaining to ecclesiology (doctrine of the church) has just been completed. This study lays down the Biblical foundation pertaining to why we, as the church, do what we do. In many of the Hmong communities in southeast Asia, the believers often think that if they can imitate the way "church" is done in the West, then they will be successful. They have been taught that much of their time needs to be focused on external material things, organizational structure, traditions, programs, numbers, and certain personalities who "run the show." In their eyes, if they can't do these things well, they are not a successful "church." So this intensive study goes straight to what the Bible teaches and helps them pull out the biblical principles they need to learn and put into practice so they can then determine how to function as the church in their own culture. Without having to be consumed by external trappings, they will be able to grow spiritually and maturely in their faith.

Once again we thank God for what he has allowed us to accomplish through Him in the past, and we have hope that we will continue to see great things in the future. Again, we thank all of you who pray and financially support our ministry to the Hmong.

*God bless,
Mike, Sonja,
Sinjin and Mikaela*

Audio Player Layout

There are over 1,900 audio files on the players. Here is how it is laid out. You can visit our website (www.316ministryz.com) for a more complete list.

- Introduction to Audio Player
- Creation to Christ: The Gospel
- Important Teachings a Believer Should Know
- A Thorough Study of the Church
- Doctrinal Teachings
- Applicational Teachings
- Miscellaneous Teachings
- New Testament
- Old Testament
- Music with Applicational Teachings
