316 Prophetic Seminar Series: An in-depth study of things to come

As each day passes, we are approaching the time when our Lord Jesus Christ will return to establish his Kingdom on earth. The events that are happening throughout our world are starting to worry even those of us who are believers. Several years ago, I realized just how many believers misunderstood what the Scriptures state regarding the end-times. So, I've been diligently studying as much as I can pertaining to the prophetic portions of Scripture and hoping to use these teachings, not just for the Hmong and Project 316, but for anyone who has a desire to learn more. As I've started teaching on this subject a few years ago within the Hmong community and within small group Bible studies, I was surprised how little believers knew about these things. Therefore, as part of our ministry, I am hoping to bring these teachings to believers whenever I have an opportunity, in conjunction with giving Project 316 updates and presentations within local churches.

As believers, we need to know what the Bible says about the end-times so that we can be a testimony to those around us. I will not make predictions when end-time events will come to fruition, but I truly believe that we are closer than we realize. Jesus laid out some of the details as to what will happen in

Matthew 24-25 and Mark 13. He reminded us that we should always be alert and watchful! Unfortunately, date-setting and false prophecies have turned many believers away from the study of eschatology, but there is a yearning to want to know what the Scriptures teach. End-times prophecy is certainly a complex subject. Although I've spent several years studying these things, there is still much more to learn. The Word of God is filled with so many details that it is sometimes difficult to get a clear picture of what will happen and what we have to watch out for. Despite these challenges, I feel that since many of the things I've studied so far are all pointing to events that will take place soon, I need to get the "Word" out so believers are ready and equipped for what is to come!

Mike setting up the details of teaching the Prophetic Seminar Series with Project 316 ministry team members in southeast Asia.

Project 316 Audio Player Distribution

We cannot emphasize enough how effective the Project 316 audio players are! Although we preferred to see more players distributed into the hands of Hmong believers last year, this wasn't feasible due to the lockdowns. Because the borders of some southeast

For God did not send his Son into the world to condemn the world, but to save the world through him.
John 3:17

Asian countries are still closed, we still have audio players waiting to be distributed. In 2021, we hope that restrictions will be lifted, but even now some countries (like Thailand) are locking down even further. Many of the Hmong are asking for more players, and

we don't like to constantly tell our brothers and sisters that players aren't available.

I'm also looking forward to getting my feet back on the ground in southeast Asia to see and hear first hand what is going on with the many Hmong believers who have already received a player.

So please continue to pray for the borders to open up and that we can raise more funds to equip all those who have a desire to grow in their knowledge of the Word of God.

*God bless,
 Mike, Sonja,
 Sinjin and Mikaela*

Prayer Requests

Please pray...

That despite the borders being locked down, we will still be able to get the Project 316 audio players into the hands of Hmong believers.

That the start up of the 316 Ministries Prophetic Seminar Series will go well and that we will be able to use this to introduce more local churches to the Project 316 ministry.
