Some of the children Mike taught at the youth hostel while in Thailand.

A Look Back

Project 316 would not have come to fruition without our experiences in Thailand, and we praise God that he allowed us that time there to truly show us the needs of the Hmong believers in regards to spiritual growth. When the first 100 audio players were distributed to Hmong believers, the news spread quickly. Several years later, the audio players continue to be in high demand. Why? Because they simply work! If you haven't looked at the amount of teachings that the Project 316 audio players con-

tain, I would encourage you to visit our website and see what 350+ hours of teachings cover (<http://www.316ministryz.com/project-316-audio-player.html>). It is pretty extensive. Although they can never replace the sweet fellowship we have in Christ when we meet together (something the lockdowns have showed us), they fulfill that need for life changing teachings that all of us need to have. The goal has always been to fill in the much needed gap between starting as a young believer to becoming a mature one.

Prayer Requests

Please pray for...

- The continued distribution of Project 316 audio players.
- The ongoing 316 Prophetic Seminar Series Bible teachings via Face-time with the small group of Hmong believers both in southeast Asia and the US.
- Additional funding for the audio players and micro-SD cards.

By giving our Hmong brothers and sisters a solid foundation in God's Word, we are building up the local church and giving them the knowledge necessary to see them have a greater impact for the Gospel.

If you also recall when we ministered in Thailand, I would go to a local Hmong Christian run youth hostel and teach English several days a week. A few months ago via Facebook, I was able to reconnect with one of the students that I used to teach. She was not only a great student, but also helped in rounding up the other kids for English classes. As we got to

know her better, we noticed over time that she had the potential to become a great leader and servant of Jesus Christ. Despite coming from a very poor family whose parents were not believers, she was fortunate to graduate from Bible college and is currently helping another children's ministry under the same organization. Although we only played a small part in her growth, it shows us how impactful we can be as we minister to one another.

Because God has given all of us different talents, abilities, and spiritual gifts, we are all called to be in ministry. Would you

like to take an opportunity to use your gifts in Thailand? We have connections with other missionaries and organizations that we can connect you with, so please contact us.

PROJECT 316 AUDIO PLAYER DISTRIBUTION

Recently about 125 audio players have been uploaded and are being distributed into very remote parts of Asia. Fortunately everything is going well. We have been waiting for additional updates, but it has been relatively quiet right now. We plan on sending out more units this fall, so any ad-

ditional financial support for the audio players and micro-SD cards would be greatly appreciated. In regards to a trip into southeast Asia, we are still patiently waiting. Most travel is still being restricted, and there are no signs at this point of anything opening up soon.

*God bless,
Mike, Sonja,
Sinjin and Mikaela*
