## Project 316 Time to get excited!!!

Last month we decided to move forward and do a test run with the three audio players that we had already purchased. Previously, we were waiting for vital lessons to be completed before doing this test run, but it was taking longer than expected. So we decided to go ahead with what we already had. After receiving positive feedback, it looks like we are at the beginning of something that is going to have tremendous eternal impact in the lives of many people! Also, we continue to have opportunities to tell our Hmong brothers and sisters in Christ about this project. Not only is it our hope that many will hear and accept the Gospel, but that believers will have the tools necessary to grow in their relationship with Christ.

Although we wanted to have phase one completed by now and the audio players in the hands of believers several months ago, perhaps by God's providence He

**continued on page 2**

## Yexusfest 2012

In late June, Hmong believers from all over Southeast Asia gathered for a Hmong Christian Bible conference put together by Hmong from America called Yexusfest. Most have never before attended something like this. We were able to help three believers from Laos get transportation to attend the

conference in Chiang Mai. Many of the Hmong believers were greatly encouraged to continue in their faith. A large number came from Laos and Vietnam, where many are being persecuted for their faith. About 2,500 Hmong attended the conference.

Translating and recording for Project 316

Yexusfest 2012

God allowed us to support these Hmong believers from Laos to go to the Yexusfest

has allowed a delay. Why, you might ask? Because there is "new" technology being developed that will allow for more efficiency and a greater capacity for the teachings from God's Word. The new audio players (which will be available to buy in the coming months) will now be using SD cards for storage, rather than downloading updated material into the audio players via a portable computer unit. At the moment, it takes about one hour for two gigabits of information to be uploaded for each player. So, if you have 30 players in one village it would take two days to upload. Now with SD card capability we can simply exchange the SD cards in a very short period of time. Eventually the players will be scattered throughout several different villages. (Many even in highly persecuted and very remote areas throughout SE Asia.) Uploading new content will no longer be contingent on having the portable computer unit. Anyone can replace the SD cards.

**If you were thinking about financially supporting this project, now is the time to do it!** We are planning on placing an order in a couple of months and we would love to purchase as many units as possible. (See the "Project 316" PDF for more info.)

## SHORT TERM MISSIONS

\* Each of the children was given the opportunity to make "wordless" bracelets as part of the children's program.

*"Let the little children come to me, and do not hinder them, for the kingdom of God belongs to such as these.*

Luke 18:16

### Short-term Missions

The Lo family (who are part of the church that meets at Hmong Alliance Church in Leola, PA) came for a few days and gave a Gospel presentation for the children in the village. They introduced themselves to as many children as possible in the village on the day before the meeting. The next day, around 90 kids showed up! It was a lot of fun for

the children, and we hope that many understood the message clearly. They also gave the presentation at the youth hostel where we teach English.

*Mike, Sonja, Sinjin  
and Mikaela*

\* **P.S. Until further notice our website is unavailable.**

**The Lo (Lauj) family who came and shared the Gospel with the Hmong children**

**Teaching English at the youth hostel**

### Prayer Requests

- Pray for additional help in translation and producing teachings for Project 316.
- Financially we are only at 85% of our committed monthly support.
- Pray for the Hmong children at the hostel. Some are from very poor families and some have not made a decision to believe in Jesus Christ.
